The inter-state commerce commission, in the case of Edward G. Davis against the Pere Marquette and the Michigan Central, alleging excessive charges on shipments of fruit from Michigan points to Chicago, has handed down a decision finding the defendants not guilty of wilful or intentional violation of the law.

At a meeting of the village council Monday evening the sewer committee was instructed to have a map and estimate of the cost made for an addition to the sewer to run from Gremps street east on Elm street to Brown street, from Gremps street east on Pine to LaGrave street and from Gremps east on Cedar to Kalamazoo street. Claims were allowed amounting to \$295.59.

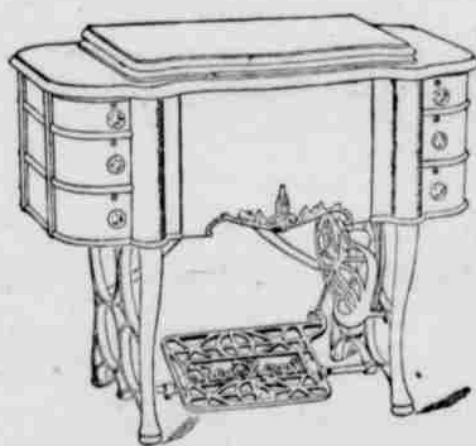

The work of the Cleveland orchestra, which gave an entertainment on the Coterie course Saturday evening, was very good—perhaps not so extraordinary as had been expected, but a satisfactory program so far as the orchestra itself was concerned. As to Miss Charlotte Mendell, vocalist, the opinion is divided, although her singing was not at all pleasing to most of the audience. In our estimation she cannot sing a little bit, and has no legitimate place on the stage. The company was greeted by a full house, and gave another program— not under Coterie auspices—Sunday evening.

Talk to Waters

About those 10 year Guaranteed Sewing Machines, they are Selling for \$16.

Ask how it can be done if it is a machine that will do good work, if has a full set of attachments, if the guarantee bond is all that it is claimed to be, etc.

These questions will be answered in a way that will convince you beyond a reasonable doubt that the machine is first class; that it is servicable and that it is a bargain.

\$4 Down and \$3 per Month.

It will be explained that this machine is the product of the New Royal Co., made on New Royal principle but priced on a plane with cheaper catalogue machines.

When you buy this machine you see it before buying; not only that, but you are allowed to take it home and try it. You have no freight or breakage to pay; you will have no trouble about repairs. To sum it all up, when you buy of Waters you patronize a home merchant, you buy just as cheap; you have no freight to pay, and you have someone to assist you if something goes wrong.

Looking at it from another point of view: The customer who buys from an agent always pays more money. The reason is clear. His entire living must come from sewing machine profits. Often sales are two weeks apart. Those who buy must help pay these expenses. Do you care to do it? If not, the first time in town go in and
